## SUSTAINABILITY POLICY

We enrich the lives of people and the planet through the **transformative** power of our business models, while ensuring our existence in the future, with responsibility towards our stakeholders and **awareness** of the environment.

### TRANSFORMATION

We transform realities through our innovative financial **products and services**, whose **tangible incentives** drive **sustainable development** of the environment.

### RESPONSIBILITY

We are responsible by minimizing the impacts of our operations and managing our **risks and opportunities** for a more sustainable future.

### AWARENESS

We raise awareness by fostering sustainable habits in our stakeholders and by designing **strategic alliances** that contribute to the solution of **global challenges**.
